## TURNING TIMES

### No. 75 February 2018

#### Chairman's Comments

May I first wish you all a belated Happy New Year. We have already commenced this year's programme with Rick Dobney demonstrating and an interesting 'Hands On' evening, making yo-yos - ably hosted by John Oliver.

Trevor once again has produced a full programme of demonstrators for the coming year – details are below. Please note however that the David Francis Competition has moved this year from May to June - to fit in with the availability of demonstrators.

A number of members braved the very cold weather on 2<sup>nd</sup> December to attend

the Christmas Fayre at nearby Beauvale Priory. The total takings for the day was a respectable £287, which of course will be added to the existing funds for our nominated charity – School for Parents. A school situated in Sneinton, Nottingham, supporting parents who have children with Cerebral Palsy and Down's Syndrome. Thanks to all who have contributed items throughout the year.

The last evening event of 2017, the Christmas Social, was well attended, however, I must apologise for the poor heating in the hall that cold evening. The Committee intend to address this issue to ensure it will not occur for the event next December.

The Committee will soon be preparing for the AGM in March, and on this issue – if you have any items you wish to be included in the agenda - please refer them to our Secretary, Trevor, either in person or in writing, by Wednesday 28<sup>th</sup> February.

Finally, congratulations to all winners of the two competitions held last November. The winners are published in this newsletter.

Remember, awareness is an important factor of safety. Take care whilst on your lathe and machinery.

Robin
